

Sewing Room Sampler by Amanda Murphy Shop Guide

*This table shows how to cut yardage month-by-month.
 Customers will need to save each month's leftover fabric to complete the project.
 The dashes indicate months where previously shipped yardage in a particular SKU is used.
 Directions to finish many of the blocks as accessories will be on my website in fall of 2016.
 Finishing instructions will be free, but you must have the pattern to complete the blocks.*
